## Technical Instructions for Special Covers

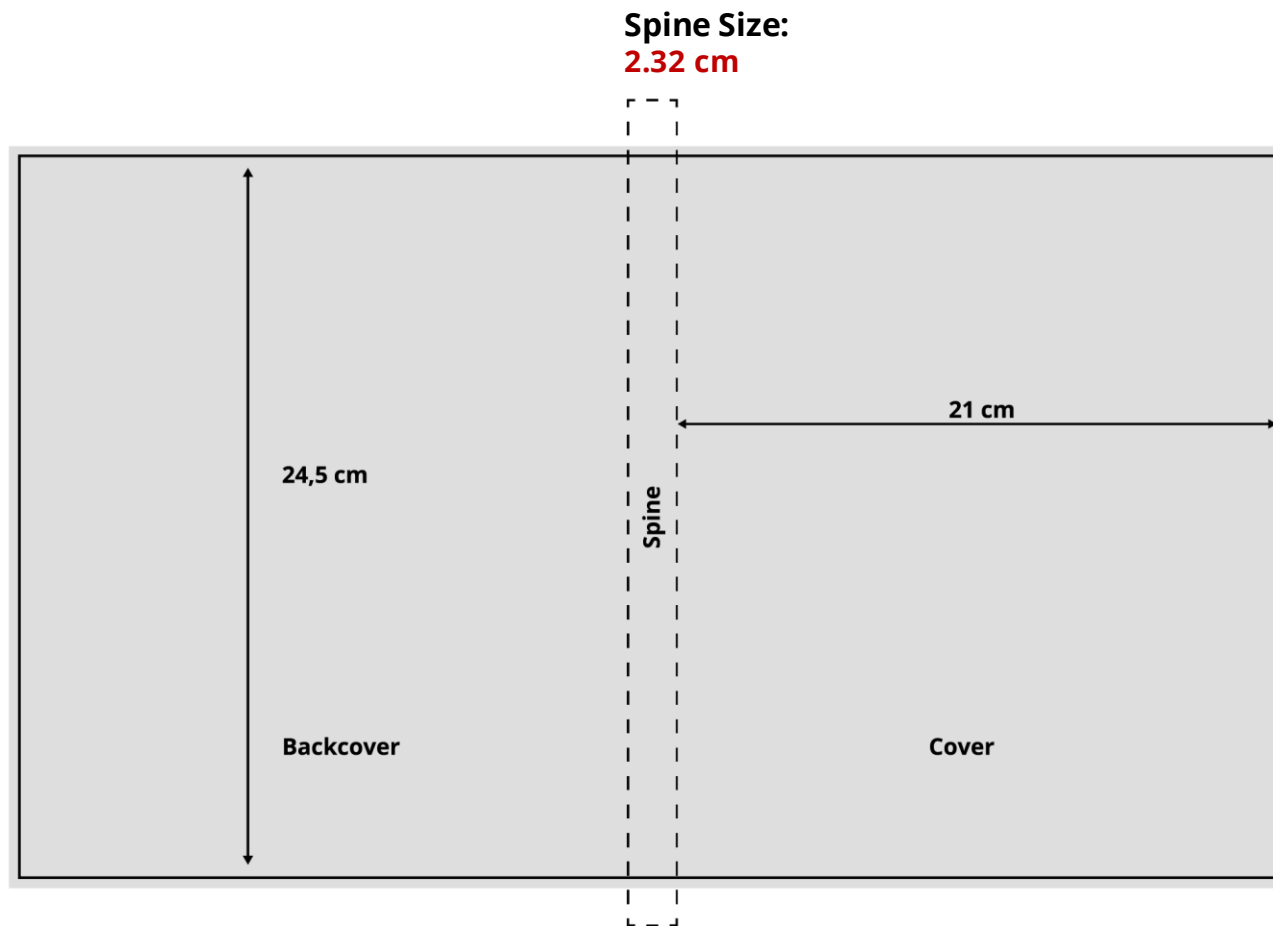

- Special Covers
- » Own Covers

### ARTWORK REQUIREMENTS

- » Logos must be CMYK (full colour) and saved as EPS format.
- » All texts and logos must be converted to outlines.
- » All Pantone colours will be converted to CMYK values during pre-press. Because of this, conversion colours can look slightly different.
- » We need a colour proof (Match Print) of the cover (as a reference for printing). If it's not provided we won't be responsible for claims on printed colours.
  - » Artwork must be in CMYK (full colour) and have a resolution of at least 300 dpi (high resolution).
  - » Files must be delivered as an Indesign package or high resolution pdf without any printer marks
  - » Save the artwork without printer marks
  - » Colour profile: ISO coated v2 (ECI), (without this profile colour differences can occur).
  - » Size of covers: 210 x 245 mm (+ 3 mm bleed) Spine: 23,2 mm
